Statistical Report

OF THE

Superintendent of Public Instruction

1925--1926

Commonwealth of Pennsylvania

FOREWORD

There is presented herewith the Annual Statistical Report of the Superintendent of Public Instruction for the school year ending July 5, 1926. This material makes available complete statistical information regarding the public schools of Pennsylvania. The present volume is greatly reduced in size due to the presentation of data in summary tables rather than in detail and will, therefore, admit of a much wider distribution. Detailed information relative to particular districts is available in the Department of Public Instruction.

FOREWORD

There is presented herewith the Annual Statistical Report of the Superintendent of Public Instruction for the school year ending July 4, 1927.
